JUDO

WORLD KATA CHAMPIONSHIPS Kyoto, Japan

WORDS OF WELCOME

Marius L. VIZER
IJF President

This is the fifth time that the International Judo Federation is organizing the Kata World Championship. At each edition of this international event, the level has increased and the athletes, who are taking part, are better prepared. The show is and will be, once again, of very good quality.

This fifth edition will also have a special dimension because it will take place in the birthplace of our sport: Japan. The medallists on one hand, and more generally all the participants, on the other hand, will return home with indelible memories.

Kata are an integral part of the history of our sport, but it is not just history. They also correspond to the aspiration of many judoka who, more than 130 years after the inception of judo, continue to perpetuate its spirit. Judo conveys strong values that are well illustrated by the practice of kata.

I would like to thank the All Japan Judo Federation for all the hard work undertaken so far to organize this event and to all the efforts that are still to be made to assure it is a great success. I also wish the best of luck to all participants.

Mr. Haruki UEMURA
President
All Japan Judo
Federation

The 5th World Kata Championships will be held in Kyoto on 19th and 20th October 2013. Kyoto city is very famous for its historic sights which are registered as World Heritage.

I am more than pleased that we can host this event for the first time in Japan, and it is our great honor to welcome competitors, officials, and the IJF members from around the world.

KANO Jigoro Shihan taught us the importance of Kata as with Randori in Judo training and to train both Kata and Randori equally in order to master the essence of Judo.

Nowadays, Kata has been spread in the world. Each continent has Kata Competitions and seminars, and also since 2011, Kodokan has been organizing the Kata Seminar in Europe under the European Judo Union and nearly 200 participants from 20 countries have taken part in the seminar with high motivation.

Last year, the 4th World Kata Championships was held in Italy and 133 pairs from 28 countries participated in the championships. This is the proof that Kata is spreading in many countries.

I will be very happy if this World Kata Championships greatly contribute to the further development and diffusion of Kata.

I hope all participants will show the result of their daily training and demonstrate their best performance ever.

Best of success to you all!

Competitors are to be 18 years of age on 1ST January 2013 (born on or before 1994) and a minimum of 1st Dan.

Couples can be composed of either 2 males, 2 females, or a male and a female.

11. COMPETITION RULES

The official Kata competition recognised for these championships, will be five:

- Nage-no-kata;
- Katame-no-kata;
- Ju-no-kata
- Kime-no-kata;
- Kodokan-Goshin Jutsu;

The IJF Kata Competition Rules will be used to judge the Kata with reference also to the official Kodokan Kata video.

COMPETITION FORMULA

Each Kata will be divided in two groups: the top three couples with the maximum points from each group (that is 6 pairs for each Kata) will compete in the finals.

Three or Four mats (TBD) will be used for the preliminary round and three mats for the final. If the Number of pairs is less than 10, there will be only one group: the top 6 couples of the

group will compete in the final. For each Kata the couple with the maximum points will be awarded the gold medal, the couple with the second least points will be awarded the silver medal; and the third, the Bronze medal.

In each of the five Kata the couple with the highest score will be awarded the gold medal, the couple with the next highest score will be awarded the silver medal and finally the couple with the next lowest score will be awarded the bronze medal.

Special awards can be assigned by the organizer.

POINT SYSTEM

The Judges are five and will award points on the official IJF scoring sheet. The Maximum score and the Minimum score are cancelled. The Total score of the three remaining judges will get totally get the final score. Each technique and open and closing ceremonies are evaluated with a maximum positive score of 10 points. The positive score is decreased by the mistakes. The evaluation of every technique of Kata has to consider the principle and the opportunity of execution: the evaluation (included the open and close ceremony) has to be comprehensive.

Definition of mistakes

- **Forgotten technique:** An omitted technique will score zero and in addition the total final score of the Kata couple will be halved. If more than one technique are forgotten the score for that technique will also be zero but the total final score for the couple will not be halved again. Finally, if the halved total final score is not a whole number then the score will be rounded up.

- **Big mistake:** When the execution of the principle is incorrect (5 points are deducted and the maximum number of crosses is 1)

- **Medium Mistake:** When one or more elements of the principle are not applied in the correct way (3 points are deducted and the maximum number of crosses is 1).

- **Small mistake:** Imperfection in the application of the technique (1 point is deducted and the maximum number of crosses is 2).

For every technique without a big mistake, the minimum score has to be 5. the evaluation of fluidity, course and rhythm represents the global vision of the whole Kata (included the bow):

- If there is no big mistake in the Kata, the minimum result will be 5 and the maximum 10.
- If there is a big mistake in the Kata (including the bow), the score must not be more than 5.
- In case of a forgotten technique, the score or fluidity, course and rhythm is zero.

In the Nage no Kata, right and left techniques will be evaluated comprehensively (only one score). The couple enters and leaves the competition area at the opposite side of shomen: the Start and end of Kata (opening and closing ceremony) is at 8 m or 10 m distance depending on the dimensions of the mat (bow to the mat). Any behaviour of Tori or Uke inside the Competition area that is contrary to the spirit of Kata will reduce the score of the ceremony.

In case of equal score between pairs, the following criteria will be applied considering the scoring sheets of five Judges:

- Total value of big mistakes - wins who makes less mistakes;
- If still equal, total value of medium mistakes will be considered. - wins the pair who makes less mistakes;
- If still equal, total value of small mistakes will be considered – wins the pair who makes less mistakes;
- If still equal, the score of fluidity will decide. Wins the pair who has a better score.

If two pairs, both placing 3rd in the eliminatory (or 6th place in case of only 1 group) are still equal after all the above mentioned criteria, both pairs will qualify for the final.

If two pairs placing 1st, 2nd or 3rd during the final are still equal after the above mentioned criteria, the Kata will be repeated so that the medal can be assigned.

SYSTEM OF JUDGING

Each Kata shall be evaluated by five judges under the supervision of the IJF Kata Commission. The five judges will be positioned on the Shomen side and they will seat at about 1 m distance apart from. The rule of neutrality will be applied: cannot be judged a pair of the same Nation.

The position of the five judges will be the same for all the competition. If one judge is temporary replaced, he will take place in the same original position when he re-enters the competition. A Judge cannot be a competitor.

The judges shall always be in their position before the arrival of the couple in the competition area. The couple enters the competition area at the opposite side of shomen in the centre, then they reach their corner. The judge in the centre at shomen side gets up and, with tense arms and palms of the hands turned upward, invites the couple to enter the competition area.

COMPETITION AREA

The Competition area has dimensions Minimum 8 x 8 and Maximum 10 x 10 metres and shall be covered by ~~Takato Sport Center~~ acceptable material. The Competition area must be fixed to a resilient floor. When more adjoining competition areas are used, a common safety area of minimum 1 meter is necessary. A strip of visible colour adhesive tape, approximately 10 cm. wide and 50 cm. long, shall be fixed on the centre of the competition area 6 m. apart, to indicate the starting position of Tori and Uke. The centre of the Competition area shall be indicated with a strip adhesive tape of the same color.
